Ms. ROSS. Madam Speaker, I ask the gentleman if he is prepared to close, and I reserve the balance of my time.

Mr. BURGESS. Madam Speaker, I yield myself the balance of my time.

Madam Speaker, we have two bills included in this rule that enjoy bipartisan support. They have come through regular order in committee. They had legislative hearings. They had subcommittee markups. They had full committee markups. All Members were able to participate, and all Members were able to be heard. This is the way it should be done.

The Restoring Hope for Mental Health and Well-Being Act will help Americans struggling with mental health issues that have been exacerbated by the lockdowns of the coronavirus.

Establishing ARPA-H as an independent agency—so critical—will allow for innovative, transformative health technologies and treatments that will benefit all Americans.

Unfortunately, it doesn't stop there. There does not appear to be a statutory or regulatory justification for requiring Federal surveys to collect information on an individual's gender and sexual identity. If we are going to ask about gender identity, we should also be asking about citizenship.

Madam Speaker, I urge a "no" vote on the previous question and a "no" vote on the rule. I yield back the balance of my time.

Ms. ROSS. Madam Speaker, I yield myself the balance of my time.

Madam Speaker, the three bills in this rule have the potential to transform the health and opportunities of millions of Americans.

The Restoring Hope for Mental Health and Well-Being Act reauthorizes and establishes 35 critical programs that provide access to mental health care and substance use disorder treatment across the country.

Recognizing the benefits of telehealth during the COVID-19 pandemic, this bill promotes behavioral health integration into primary care through increased access to telehealth as part of the pediatric mental health care access grant program reauthorization.

The bill also requires self-funded, non-Federal governmental healthcare plans to comply with mental health parity laws. Mental health care is healthcare, and it is time we treat it as such.

The Advanced Research Projects Agency-Health Act will jump-start our Nation's investment in medical research and innovation. I am privileged to represent part of North Carolina's Research Triangle Park and see the breakthroughs that happen there. By establishing and funding ARPA-H, we ensure that research like this will continue, that more people will be able to access groundbreaking treatments and cures, and that our Nation remains a leader in medical innovation.

The LGBTQI+ Data Inclusion Act will equip our government agencies with the data they need to reduce barriers and challenges facing this community. Good data helps us make good policy. Without data, we are forced to legislate blindly and guess at solutions to close disparities.

Madam Speaker, I note that the LGBTQI+ Data Inclusion Act does not mandate that anyone disclose information about their gender identity or sexual orientation. Under this bill, individuals choose whether to share that information or not.

This bill, which we take up during Pride Month, will help us ensure the LGBTQI+ community is represented in policies aimed at closing disparities and helping underserved groups.

Madam Speaker, I urge a "yes" vote on the rule and the previous question.

The material previously referred to by Mr. BURGESS is as follows:

AMENDMENT TO HOUSE RESOLUTION 1191

At the end of the resolution, add the following:

SEC. 10. Immediately upon adoption of this resolution, the House shall proceed to the consideration in the House of the bill (H.R. 471) to prohibit the Secretary of Health and Human Services from lessening the stringency of, and to prohibit the Secretary of Homeland Security from ceasing or lessening implementation of, the COVID-19 border health provisions through the end of the COVID-19 pandemic, and for other purposes. All points of order against consideration of the bill are waived. The bill shall be considered as read. All points of order against provisions in the bill are waived. The previous question shall be considered as ordered on the bill and on any amendment thereto to final passage without intervening motion except: (1) one hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on Energy and Commerce; and (2) one motion to recommend.

SEC. 11. Clause 1(c) of rule XIX shall not apply to the consideration of H.R. 471.

Ms. ROSS. Madam Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The SPEAKER pro tempore. The question is on ordering the previous question on the resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. BURGESS. Madam Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3(s) of House Resolution 8, the yeas and nays are ordered.

Pursuant to clause 8 of rule XX, further proceedings on this question are postponed.
